2012 COMPLETE LINE COLLECTION

© 2012 Zippo Corporation. All rights reserved. 1932-2012 1932-2012 1932-2012 1932-2012 1932-2012

## Zippo marks our 80th Anniversary year with one of our most color-filled collections ever!

Zippo's innovative color imprint techniques burst forth in dozens of brilliantly colorful new designs showcased throughout the catalog. Watch for our **splashed** texture enhancement that irresistibly entices you to touch it to see if it's wet on several new designs. You'll love these lighters on the page, but just wait 'til you get them in your hands!

Hail the return of the **Zippo camouflage** lighter, a favorite pattern discontinued several years ago, brought back now by popular demand. Several **patriotic designs** join the ranks of military-themed lighters, along with a new Zippo MotorSports lighter and a distinguished new founder's lighter.

Fire up your sales and challenge the great outdoors with the **Outdoor** line of heat and flame products. See the award-winning Hand Warmer now in three different finishes, the Flex Neck, the Emergency Fire Starter kit and more.

Creative engraving and customization styles balance the simple elegance of chrome, brass, and lustrous sterling silver Armor; sterling silver, and solid gold. As hard as we try to replicate the delicate lines and subtle shadows, two-dimensional photography can't begin to capture the graceful, elusive elegance of our engraved lighters. If you think they look good in our photos, just wait until you see them in your displays!

Browse our most popular **Licensed** properties throughout the catalog, including favorites like Playboy, Jack Daniel's, Jim Beam. See new designs from Realtree, Remington, and The Beatles, plus the Chevy 100th Anniversary commemorative.

Our extensive line of lighters of every description is supplemented by **Zippo Watches and Writing Instruments**.

**Signature Styleguide** illustrates and explains the processes available for customizing Zippo products.

### One-Box:

Unless otherwise stated, every Zippo windproof lighter in this catalog is packaged in the environmentally friendly "one box", designed to address the growing concern over the depletion of our natural resources. Both the attractive gift box and the cardboard insert are made from renewable materials and are 100% recyclable. The patented "one box" is attractive, easy to handle, and designed to display more of the lighter than ever.

### Consumer Disclaimer:

*Terms and pricing are limited to authorized Zippo sales distributors and wholesalers only. Unless specified as retail pricing, this information is not intended for consumer use.*

*Because we are constantly improving our products, some items may not look exactly as depicted. Prices and specifications subject to change without notice.*

## BOOST SALES AND PROFITS TODAY!

ZippoRetailer.com offers latest product releases and business news and resources for wholesalers and retailers. See full color product catalogs, newest sell sheets, and promotional initiatives.

Register your retail business in the Store Finder on Zippo.com – consumers are always looking for stores that carry a full line of Zippo products, and we want to make it easy for them to find you.

Come to ZippoRetailer.com for marketing tools, sales support, merchandising tips, and more.

Zippo is a global brand register worldwide. The Multi Purpose Lighter shape, the BLU Lighter shape and the BLU Z Windscreen are patented designs in the U.S.A. and are registered designs in many countries. All Zippo lighter decorations are protected by copyright. Zippo Manufacturing Company. All Rights Reserved.

**30s**

Metalliques are metal lace, hand-crafted slices of chrome-plated brass, razor-thin at five one-thousandths of an inch. Metallique production peaked in the late 1930s. From the mid - 1930s to the early 1940s, customers could send in any lighter and have any available metallique – including metallique initials – applied to their lighters, thus making exact dating of some metalliques difficult. Some of the most famous and familiar metalliques include Kendall Oil, the two views of the Reveler, the Scotty dog, and the 1939 World’s Fair.

**40s**

No other event in history increased the popularity of Zippo lighters more than World War II. From 1943 through the end of WWII, Zippo’s entire production was allocated to the armed forces. The company archives are filled with letters detailing the services a Zippo lighter was called to perform: heating rations in a helmet, lighting campfires, sparking fuses for explosives, hammering nails and even signaling to fellow soldiers with the famous Zippo click. On several occasions, a Zippo lighter in a shirt or pants pocket even saved a life by deflecting bullets.

**50s**

Determining the date of a Zippo lighter is fun and easy. Because Zippo founder George G. Blaisdell offered a lifetime guarantee, the bottom of each Zippo lighter made since the mid-1950s was encoded with a series of markings so he could identify which run of lighters was being returned for repairs. What began as a quality-control tool for Mr. Blaisdell has become a collector’s dream and a way to precisely date most Zippo lighters. Over the years, the date code format has been modified, most recently in 2001.

60s

70s

80s

90s

In 1960, Zippo introduced the Moderne, a cylinder shaped table lighter and the Corinthian, an urn shaped table lighter. The Moderne was available in three different finishes: black and rhodium, satin finish rhodium, and bright finish rhodium. The Corinthian was also available in three finishes: turquoise and rhodium, bright finish rhodium, and pearlescent rhodium. Both the Moderne and Corinthian were discontinued in 1966.

1979 – These commemorated the Presidential election between Ronald Reagan and Jimmy Carter. As you can see, the elephant came out on top.

1982 – The 50th Anniversary Commemorative lighter, the Pipe lighter and the Patriotic series were introduced. Also of note were the additions of Zippo pens and pencils to the line.

1998 – The 1998 collectible celebrated the re-creation of the 1947 Zippo Car, with an antiqued pewter emblem on a classic brushed chrome finish. Set includes a companion Zippo license plate key tag.

**24752**  
*Framed Chrome*

Zippo puts an interesting spin on classic brushed chrome. The front and reverse surfaces are vertical brushed chrome, but the outside edge surfaces are black matte. So is it brushed chrome or black matte? Both . . . it's **Framed**, a hot new look for an old favorite.

**24647**  
*Chrome Arch*

**24648**  
*Herringbone Sweep*

It's an interesting angle for Zippo's traditional classic brushed chrome finish! Directional brushing results in creative design patterns with a look of brushed chrome, but with a fresh new perspective. Sides of Chrome Arch and Herringbone Sweep are tumbled rather than high polish. Some customization methods available on classic brushed chrome are now offered on Chrome Arch and Herringbone Sweep. See Signature Styleguide on pages 110-111 for details.

**1941B**  
*Brushed Brass*

## 1941 Replica

Several distinctive features identify the 1941 Replica:

- Flat planes with sharp, less rounded edges than the current model where the front and back surfaces meet the sides.
- Four-barrel hinge joins the lid and bottom; the current Zippo lighter has a five-barrel hinge.
- Sides of the inside unit are flat, with squared edges where they meet the front and back surfaces.
- Inside unit has fewer holes in the chimney than current models; also fitted with a hollow rivet that holds the striking wheel in place.
- Silver foil gift box is standard packaging for all 1941 Replica models.

## 1935 Replica

The 1935 lighter, one-eighth inch shorter than subsequent models and manufactured for less than three years, has been replicated in stunning detail featuring the original look and elements that made this lighter one of the most collectible in Zippo's history.

- Three-barrel outside hinge joins the lid and bottom; the current Zippo lighter has a five-barrel hinge.
- Open hollow rivet secures flint wheel to inside unit.
- Distinctive bright brushed chrome finish.
- Slashes on the opposite corners of the face and back surfaces
- Flat bottom case with unique bottom stamp.
- Custom cardboard gift box is standard packaging for all 1935 Replica lighters.

**24796**  
Crown Stamp  
High Polish Chrome

Zippo tailors the world's favorite lighter with a creative and innovative Crown Stamp on the very top of a high polish chrome lighter. Let the stamped image – either ZIPPO and flame or Made in USA – be the message or use it as an enhanced base model and add your own logo or artwork for a distinctive lighter from top to bottom. Packaging includes a reflective I-card that draws attention to crown stamp.

## Bottomz Up®

**24383**  
Bottomz Up®  
High Polish Chrome

For decades, the Zippo bottom stamp has marked the authenticity of every genuine Zippo windproof lighter. Now Zippo turns the whole system upside down . . . literally . . . with Bottomz Up, a high polish chrome lighter engraved with the traditional Zippo stamp not only on the bottom, but also on the top of the lighter. The conventional date code, showing month and year of manufacture, is stamped on the canned-style bottom, while the canned-style lid is branded with the year of manufacture and the **B** symbol authenticating it as Bottomz Up.

Packaging includes an I-card identifying lighter as Bottomz Up.

Zippo's Iced process highlights multi-faceted engraving layered with a translucent powder coat to give the illusion of looking through a thin sheet of ice. Design is on both front and reverse surface of the lighter. May be imprinted over Iced surface for a truly unique look.

Early in 2010, Zippo began to laser the finish off the hinge of powder coated lighters. Although implemented primarily for cosmetic reasons, lasering the hinge area will provide another indicator of a genuine Zippo windproof lighter. Several years ago, we began lasering the powder coat off the bottom of matte lighters to enable clearer view of the bottom stamp identifying the lighter as a genuine Zippo windproof lighter. Similar to this enhancement, a lasered hinge barrel will provide further assurance that the unit is a genuine Zippo windproof lighter.

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe. The insert of a Zippo pipe lighter is exactly the same size as the standard windproof lighter insert, allowing pipe smokers who have a treasured Zippo windproof lighter the option of replacing the insert to continue carrying the favorite case.

Many of the iconic characteristics of the classic Zippo windproof lighter are carried over in the BLU® lighter, including the trademark flint wheel ignition system, rugged metal construction, hinged lid, one-hand operation and the distinctive 'click'. In addition, the BLU butane lighter features sleek and contemporary designs, a signature "Z" patterned chimney, large fuel tank and quick refilling options. The butane-fueled BLU lighter delivers a hot, consistent, clean-burning blue flame, unlike the traditional windproof lighter which sports a yellow flame fueled by liquid lighter fluid. Made entirely in the United States, the product uses a patented two-stage burner technology that creates the blue flame.

OUTDOOR

**40182**  
*High Polish Chrome*

Shown actual size

Enjoy the Great Outdoors even when it's cold outside. Our rugged, metal hand warmer has a high-polish finish and a sleek, thin design that easily fits into pockets. It's virtually odorless (great for hunters) and stays warm for up to 12 hours. Reusable with Zippo lighter fluid, includes a convenient filler cup and warming bag. So whether your customers are going hunting or hitting the slopes, our hand warmer will keep them warm.

# Flex Neck Utility Lighter

Grills, lanterns, tiki torches and fireplaces all require a certain degree of precision when being lit. And that's where the Flexible Neck Utility Lighter comes in. Its slim, powerful nozzle easily fits into the openings on most grills and lanterns, and with wind-resistant dual-flame technology, it's ideal for any outdoor setting. For optimum performance of every Zippo Flexible Neck Utility Lighter we recommend Zippo Premium Butane Fuel.

**121340 - Filled**

1 9 3 2 - 2 0 1 2

A dynamic new direction from Zippo . . . updated, contemporary men's watches designed with simple, yet innovative features geared for performance, elegance and sportsmanship. Distinctive characteristics like a flame-embossed logo crown, mirrored case back with etched Zippo logo and flame, and engraved bracelet clasp or buckle identify these watches as uniquely Zippo. Mineral crystal and Japan movement confirm the quality you expect from Zippo. Most Zippo watches\* are water resistant to 5 ATM. Dimensions denote case size.

## DRESS

## Watch Warranty

Your ZIPPO® brand watch is warranted to be free of defects in materials and workmanship for a period of two (2) years from the date of original retail purchase.

During the Warranty period, the case and metal strap, watch movement, hands and dial are the only components covered under this Warranty. These will be repaired or the watch will be replaced, at the sole discretion of Zippo, free of repair charges.

This Warranty does not cover the battery, crystal, non-metal strap or bracelet, incidents of normal wear and tear (including but not limited to scratches or other damage to the finish), incidents of abuse, or water damage unless the watch is marked as waterproof and the watch was used as instructed when the damage occurred.

This Warranty gives you specific legal rights which are in addition to, but run concurrently with, any other legal rights which you may have under the statutes of a state, province or country, and does not limit those statutory rights.

# SIGNATURE STYLEGUIDE : Methods available to customize Zippo product

## ENGRAVE

### Auto Engrave

The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engrave or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns.

Also known as Rotary Engraving or Computer Engraving

pg. 7

- standard imprint charges
- not available on powder coat and translucent finishes
- can be done on sterling silver and solid gold
- minimum quantity required
- lid line adjustment may be made
- may require additional lead times

### Laser Engrave

This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint.

Also known as Laser Mark

pg. 21

- standard imprint charges
- minimum quantity required
- multiple surfaces available
- shows great contrast

## COLOR

### Color Image

State-of-the-art printing method allows Zippo to imprint multiple spot colors or full-color photographic representations.

Spot colors can be matched to PMS colors and used for one, two, or three-color simple logos. *Previously known as surface imprint.*

- Zippo will accept vector artwork files (Adobe Illustrator) in these formats: .ai, .eps, .pdf (provided entire contents of file are vector).

Zippo can also imprint artwork in full color or a photographic representation. *Previously known as 4-color process pad print.*

- Zippo will accept raster artwork files (Adobe Photoshop) no less than 1.5" wide by 2.25" high with a resolution of 600 DPI (dots per inch). Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough.) Any file requiring background isolation must have paths or a layered file with transparent background included.

pg. 40

- standard imprint charges
- not available on precious metal finishes
- minimum quantity required
- special art requirements / hi resolution photo required to be reviewed by Creative Services

All color imprinting will now be run using the color imaging method.

pg. 32

### Chromed Out

When rendering art, an area of design is opened up displaying the base finish. No additional charge for this method.

pg. 31

- contact Zippo sales representative for imprint charges
- minimum quantity required

### Distressed

When rendering artwork, artists use a unique filter to give the art a pocket worn effect.

not shown in catalog

- standard imprint charges
- minimum quantity required

 Plated

 Powder Coat

 PVD Finish

 Translucent Powder

### Custom Art • Limited Editions • Exclusive Designs • Signature and Licensed Designs

Special event and/or anniversary designs can be supplied by customer or created by Zippo artists.

Personalization and consecutive numbering are available for an additional charge.

Designs supplied by Zippo customers can be restricted to others. Must be discussed and approved through Design Center. Signature and licensed designs must be processed and approved by our licensing department. Call your sales representative for details.

1 9 3 2 - 2 0 1 2

1 9 3 2 - 2 0 1 2

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo sales representative for more information. **All premium custom orders need to be routed through the Zippo Design Center.**

## Lustre

Zippo's signature lustre etch method produces an attractive, durable imprint. The artwork is etched into the lighter and plated for a permanent mark. A beautiful contrasting effect is created.

pg. 16

## Double Lustre

The design is double etched into the lighter. This layered process is then buffed and plated, displaying a multi dimensional effect. A portion of the design will be chromed out for impact.

pg. 28

## Stone Attachment

Zippo designers and engineers continue to develop special inlaid materials and stones to delight Zippo customers.

pg. 28

## Photo Imaging

A high resolution photo is required to achieve a crisp beautiful gradated image.

- On dark finishes, Zippo may invert image for a better photographic representation

not shown in catalog

## Stamping

Image is debossed into the case, creating a 3D design.

- Restricted to #207
- Art constraints
- Tooling charges and minimum quantities may be required

pg. 22

## Emblem

Image is die struck onto various metal substrates such as brass, aluminum, and pewter.

- Art constraints
- Additional lead times required
- Tooling charges and minimum quantities may be required
- Contact sales rep for details

pg. 20

## Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Some model restrictions apply
- Art constraints apply
- Available on 200, 205, 207, 24647, 24648, 28181, 28182
- Cannot pass thru lid line

pg. 21

## Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast within the image.

- Restricted to models 150, 151, 200, 205, 207, 250, 20446, 24647, 24648, 24756, 28181, 28182,
- Cannot pass thru lid line

*\* note multiple processed, gold colored logo is 2 tone*

pg. 22

## Ghost Clear

Zippo can apply a clear epoxy image along with additional inks to achieve a "ghosted" effect.

- Large areas of clear not recommended

not shown in catalog

## Splash & Texturing

Splash adds a wet effect and feel to the design. Zippo designers make art that is specific to the design.

Texturing is created by applying layers of ink. Small icons or patterns can be selected by design.

pg. 52

pg. 34

# LUXURY CUSTOM IMPRINT METHODS

## Deep Carved

Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contoured cuts into an Armor™ case using many tool sizes, special buffing, and plating.

- Heavy Wall Armor™ case only

pg. 20

## Epoxy Inlay

Clear, marbled or solid epoxies can be inlaid into deep cavities by highly skilled artisans.

- Lid line and size restrictions apply
- Special engraving can be designed under translucent epoxy for a luxury look.

pg. 20

## Laser Color Fill

A legendary process, Zippo's etch and paint method produces an attractive durable imprint. The artwork is rendered to display a vintage effect. The image is etched into the plated lighter, then colorfilled in the cavities.

not shown in catalog

## Laser/Auto Engrave

Zippo can combine Laser and Auto Engrave processes to achieve a jewelry look.

- Art constraints apply
- Some model restrictions apply
- Engraving can also be done on top of lasered area

pg. 21

## Reverse Etch

Unique process that etches the area around the design, leaving the image raised.

- Model restrictions #121FB, #201FB, #301FB
- Art constraints
- Tooling charges and minimum quantities may be required

not shown in catalog

## Selective Inlays

Designs can be inlaid in 24KT gold or rhodium.

- Additional lead times
- Art constraints
- Tooling charges and minimum quantities may be required

not shown in catalog

## Precious Metals

Special handling is needed when engraving precious metals.

- Sterling Silver and Solid Gold
- Limited customization options available

not shown in catalog

# 500 Million Lighters

You've seen our 80th Anniversary celebration lighters, been bedazzled by brilliant new color finishes and techniques, marked the return of Zippo camo, and geared up for the Great Outdoors.

We have one more surprise in store for our anniversary year. Sometime in 2012 – mid to end of second quarter, as close as we can calculate now – Zippo will produce our **500 millionth** (that's a half billion!) Zippo windproof lighter.

What a milestone to celebrate! We'll be keeping a close eye on production – watch for more information as the time gets closer.
